Whereas the Greater Sudbury Healthy Community initiative focuses on four strategic priorities: Active Living/Healthy Lifestyle; Natural Environment; Civic Engagement/Social Capital; and Economic Growth,

And whereas the Community's Economic Strategic Plan developed by the Greater Sudbury Development Corporation serves as a foundation for future economic growth of the community,

And whereas Economic Growth was identified as one of the four priorities of the Healthy Community Strategy,

Be it resolved that the Greater Sudbury Development Corporation agrees to play a lead role in the "call to action" for economic growth to ensure our community is one that supports, promotes and fosters local employment, skill development, investment in new ventures, and encourages and promotes existing and new business opportunities.
